To Whom It May Concern,

I obtained Jakub's services mid October 2016, when I needed a change made to my internal WordPress files. Jakub was able to quickly find the file needed to be edited in order to complete my project on time and on budget. I have already returned to Jakub for more work; I would absolutely recommend Jakub for potential customers. He is prompt, friendly and affordable. What more could you ask for?

Sincerely,

**Luis "Lou" Villanueva**
